RE:Tim Regan  
Vision Pacific  
<http://www.vispacific.com>

March 26<sup>th</sup>, 2018

To whom it may concern,

We had the pleasure of engaging Tim Regan to build our project for Francesco Aquilini at 3829 Sunridge in Whistler, British Columbia. We would most sincerely recommend him for any project that you might be considering him for and are hoping to have the opportunity to work with him again in the near future. Throughout the project we were continually impressed by his dedication to the project, continuous enthusiasm and ability to solve problems creatively as they became apparent. We were in a somewhat difficult situation with an unresponsive local architect and Tim really stepped up helping us complete the project despite obstacles such as distance, an impossibly steep terrain, complicated access and went well beyond the role of a typical contractor, all of which was delivered with respect and enthusiasm. He is very much a team player, something which I feel it is invaluable to building quality custom projects. Both he and his team were consummate professionals throughout the course of construction and a joy to work with.

Please do not hesitate to contact me directly if you have any questions or require further information.

Sincerely,

---
